We missed these familiar faces

MRS. ARLENE SWEET

For years Mrs. Sweet has offered her time and effort for the betterment of this school system. For her dedicated service and constructive and worthy contributions to dramatics and the **Amptennian** we wish to express our sincere appreciation to Mrs. Sweet, better known to us as Miss Kocher. We wish her success and happiness in the two new roles in which she is currently starring.

MISS LOTTIE MOYER

During our frequent health check-ups at Wolf Building we have all come to know Miss Lottie Moyer, our school nurse. This trim, stately lady in white was always there to welcome us with a friendly hello and a warm smile. Now, after years of competent service, Miss Moyer is leaving us. With her go all our sincerest wishes for a long and happy future.

MR. LESTER YEAGER

Knowledge of flowers and outdoor life is only one phase of Mr. Yeager's life. Traveling about the United States enabled him to make his classes interesting and popular. As principal of Washington Building, Northampton, and later shop and math teacher in the high school, Mr. Yeager served his community and his school faithfully and competently for 33 years.

MR. BYRON SHUPP

Mr. Shupp, former principal of Bath Elementary School and seventh grade social studies teacher, used his interest in sports to enliven his classes. By actually participating in sports with his students, he made a lasting impression upon those who were in his classes.

The School Board is responsible for directing our learning, establishing educational policies, and improving our schools. They devote long hours to the serious business of education. Their constant improvement of our facilities enable us to enjoy the best advantages of a public education and prepare us for higher institutions of learning. Recently the Board has been working on plans for our new high school. This capable group of men studies our problems, solves them, and establishes a system of school administration that strives for the best in education.

They carry through

DR. GEORGE A. EICHLER
A.B., M.A., Ed.D.

This amiable overseer of our educational system is Dr. Eichler, a man with a definite administrative genius.

To the complex task of co-ordinating the curricula of our jointure, he brings with him 26 years of successful service and experience.

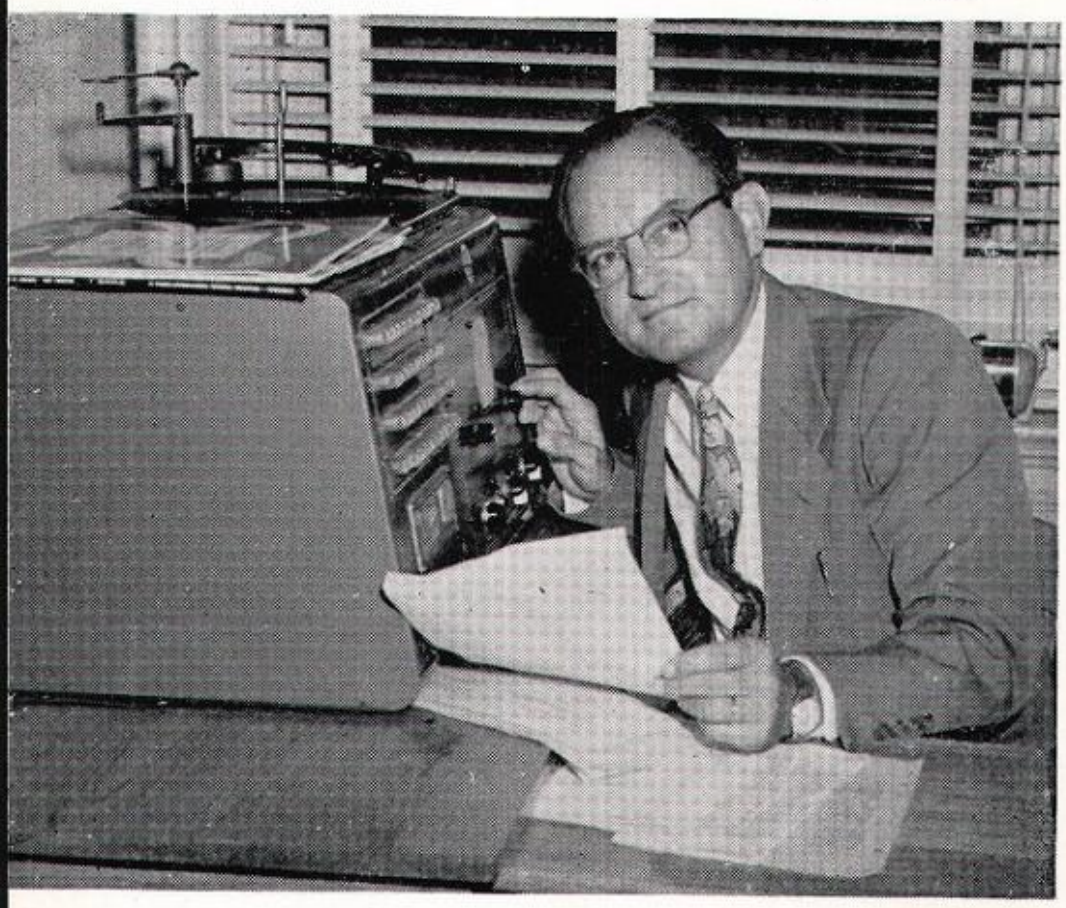
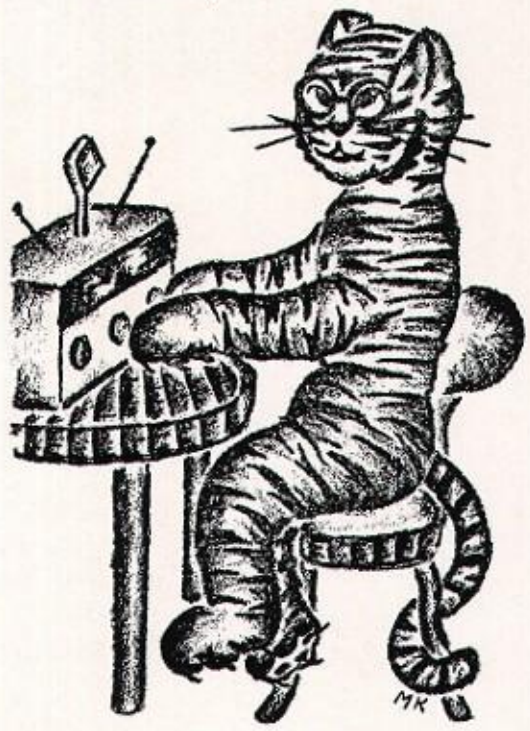
Thoughts for today - guidance for tomorrow



EDWIN A. BERG, A.B.

Assistant Principal

"Monday, July Fourth. On this day in 1776..." Thus starts another morning's announcement as presented by our assistant principal, sage, and philosopher, Mr. Edwin Berg. Interrogating late comers and choosing appropriate selections for the morning's musical interludes are but a few of Mr. Berg's varied daily responsibilities. Can we ever forget, "And now in closing, a thought for the day?"



ALBERT M. LERCH
B.S., M.Ed.

Guidance Director

Need advice? See Mr. Albert M. Lerch, our Assistant Administrator, Guidance Director, and friend. He is interested in your past record, your immediate needs, and your future plans. Capable, experienced, "Doc" solves our problems and helps prepare us for successful careers.

Our business is their business

Our industrious secretaries keep our school offices running smoothly. Ability, efficiency, and a subtle sense of humor enables our staff to perform their tasks, large or small, with competence and ease.

Mrs. Jean Hartman shows Miss Janet Harhart (standing) how to take care of our complicated finances. →

Miss Phyliss Vandergrift (left) and Miss Racheal Nicholas prepare another report for the state.

Miss Berdell Marchak (left) and Miss Stella Wanko add up our monthly attendance figures.

They cared enough to serve

It's time out as a few members of our capable faculty gather to hear and discuss the latest news. Our faculty now boasts 57 members, each using his particular skills to help us better our education. Hats off to this competent group of educators as they return to the realm of teaching.

To "round out" our education

Seated: E. Lerch, A. Smith, A. Shellock, E. Gardner, S. Young, M. Billy, C. Tarnow.
Standing: R. Farber, M. Kohler, H. Reppert, H. Ruch, M. Newhard, K. Deibert, M. Gerhet, M. Kohler.

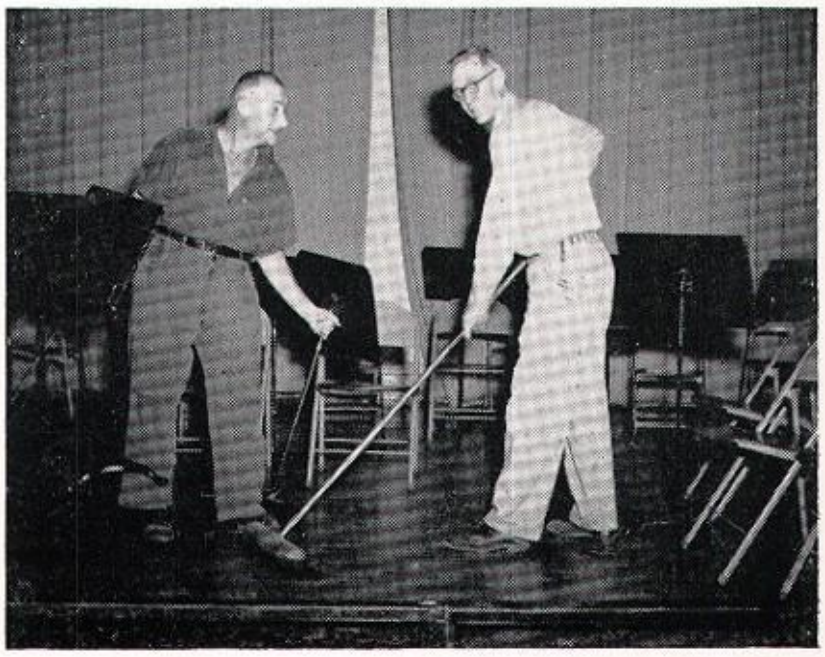
Mrs. Mary Zirinsky, dietitian balances the menu and her secretary, Miss Phyllis Kocher, balances the books.

It has often been said that man cannot live by bread alone. Neither can students exist entirely on "brain" food. Therefore, it was with keen delight that we anticipated every noon hour to satisfy our craving for "stomach" food, and to review the day's happenings with our classmates at lunch.

Mrs. Newhard, Mrs. Miller, Mrs. Messenlehner and Mrs. MacAdam prepare a lunch at the Wolf Annex.

The unsung heroes

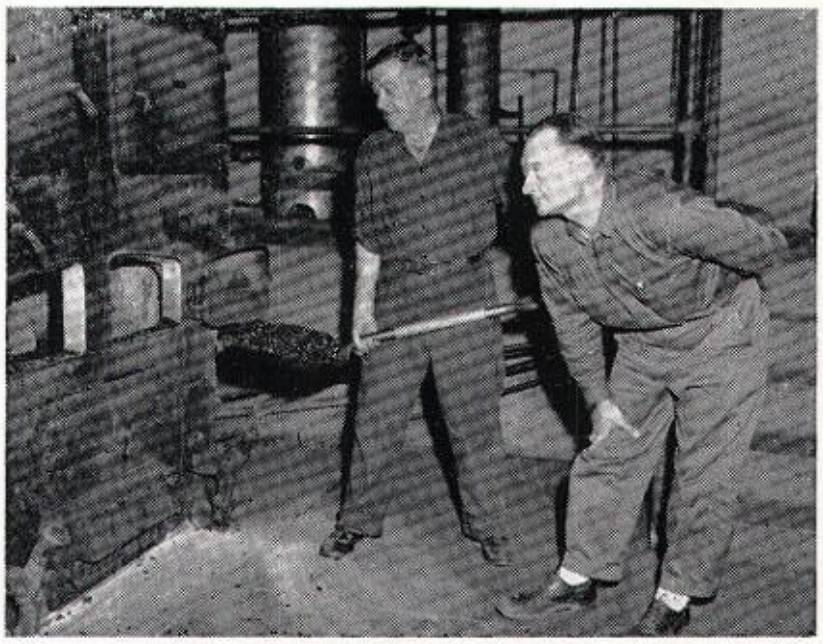
Mr. Alfred Lauer and Mr. Joseph Breitfeller fix the peer vents . . . again!



The stage is set by Mr. Robert Stuber and Mr. Pearly Druckenmiller.

Our own dust-catchers, Mrs. Helen Taschler and Miss Emma Snyder, have a never-ending job.

Around the clock, throughout the entire year, the school buildings are under the constant maintenance of our custodial staff. These amiable, hard-working people provide prompt and efficient service which keeps the institution operating on a smooth and organized basis. We salute and thank these personnel for their continued efforts to keep this school a comfortable and enjoyable place.



To add to our comfort, Mr. F. Laury and Mr. C. Frack keep the fiery furnaces fed.

Our medical staff practised and believed that physical health goes hand in hand with mental health. Checking teeth, giving physicals, and administering hearing tests was only a small part of their job of caring for us. They are the unspoken necessities of our school.

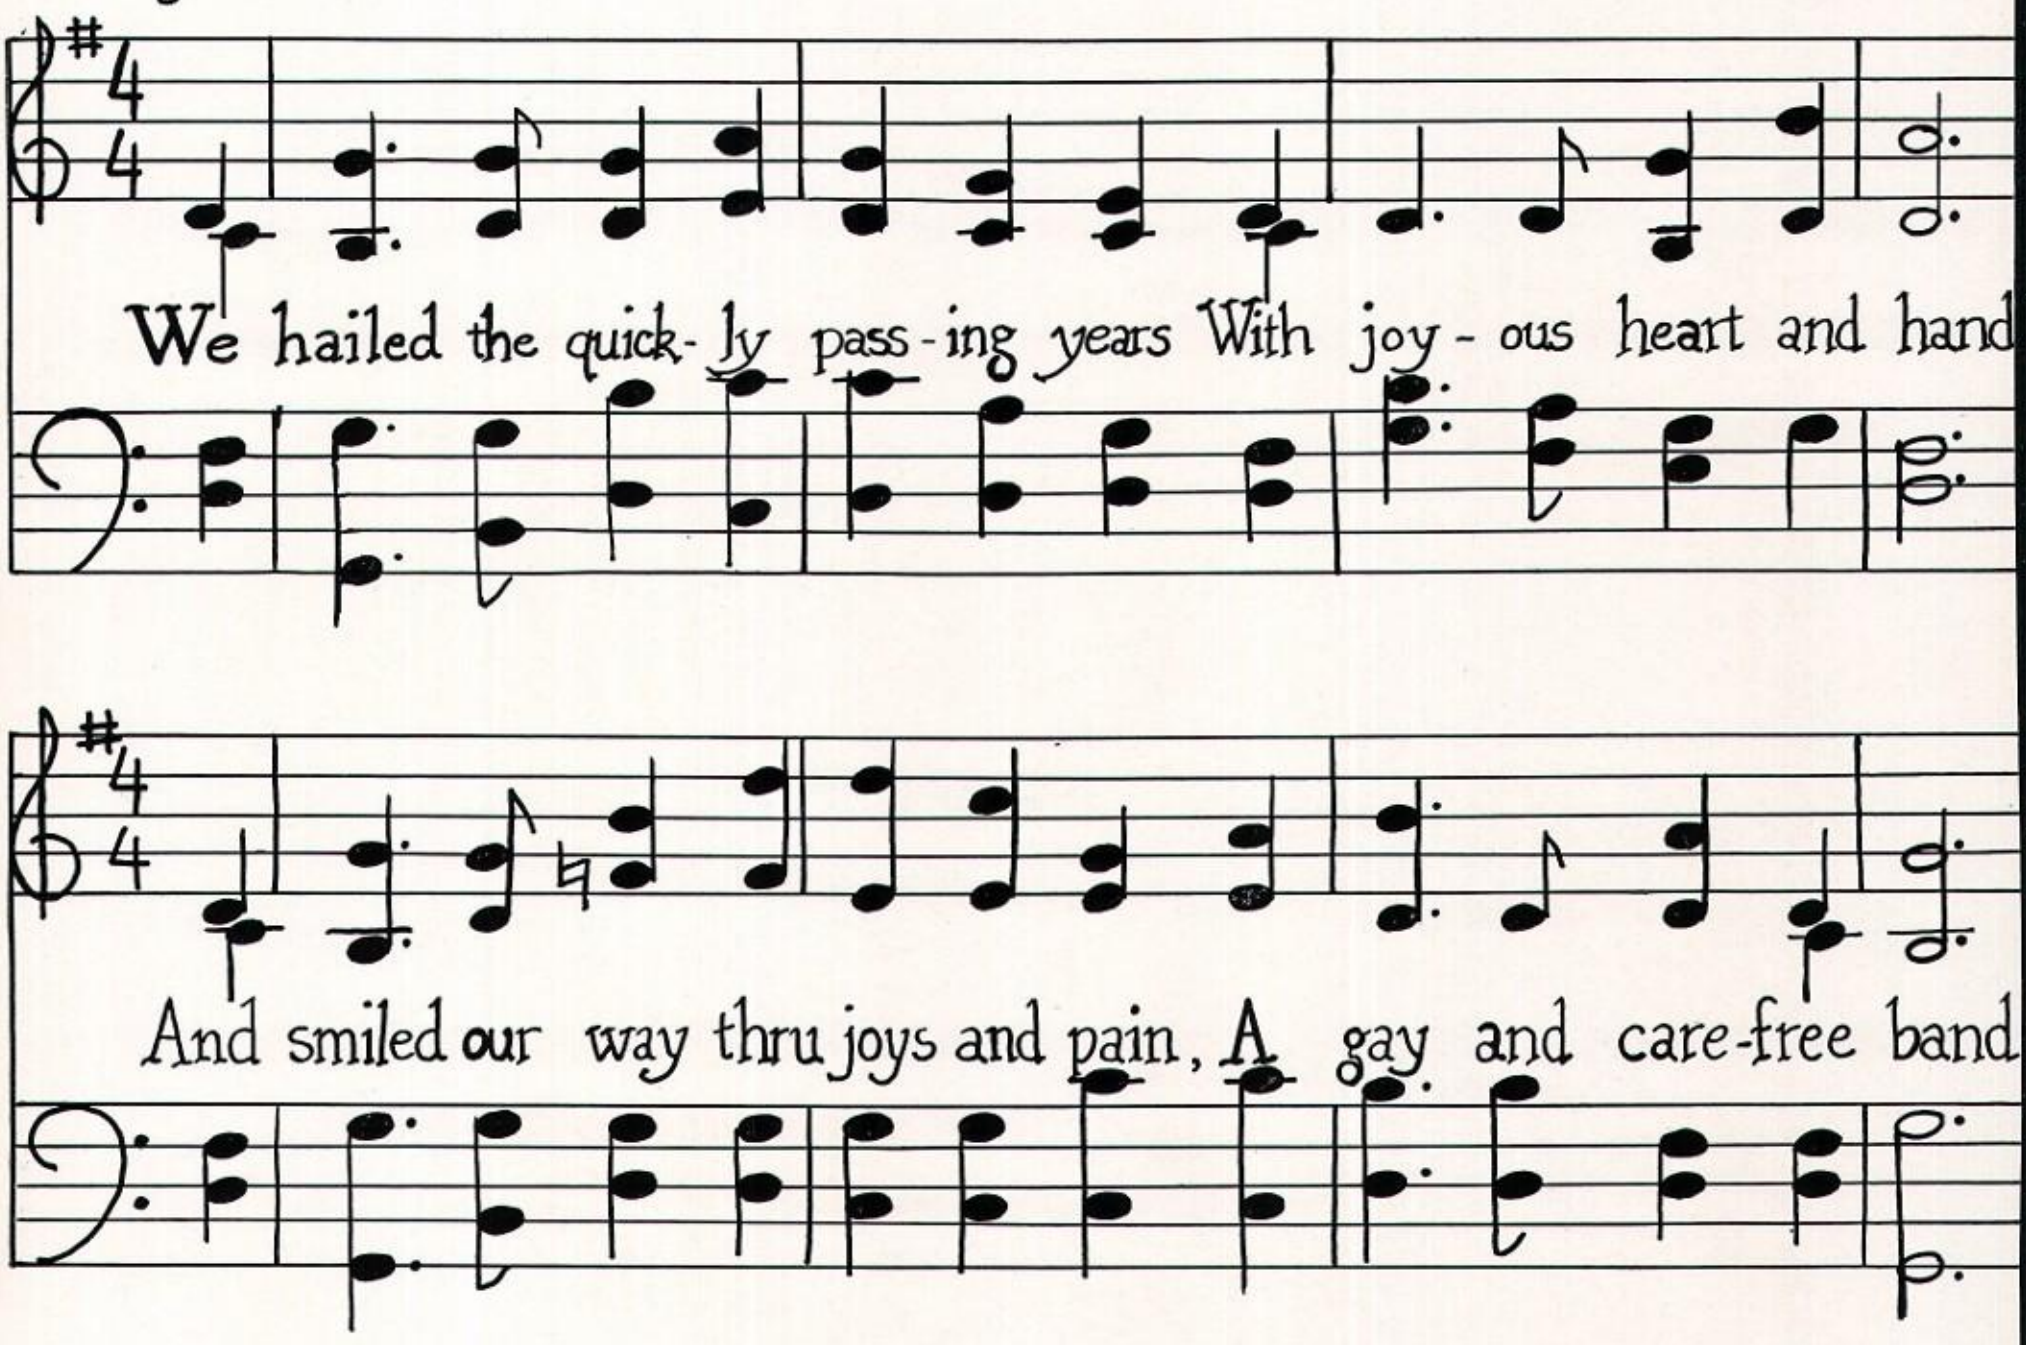
CLASS SONG

Lyrics by
Dorothy Scholl

Music by
Claire Jones



We hailed the quick-ly pass-ing years With joy-ous heart and hand
And smiled our way thru joys and pain, A gay and care-free band

And now our hearts have wound about
Our memories bright and dear
Of every hall and path we knew
And loved while we were here.

For down the pathways of the years
Someday we'll all turn back
In memory of the happy days
With colors – Orange and Black.

Helen Bankowski • Doris Stuber

Diane and Henry meet Mrs. Roosevelt.

Mrs. Eleanor Roosevelt

One of the highlights of this year, 1957, was a visit by Mrs. Eleanor Roosevelt to Northampton at the invitation of our Chamber of Commerce. Mrs. Roosevelt, a leading authority on world affairs, spoke at the Northampton Community Center on December 19. The yearbook staff was highly honored when our visiting dignitary graciously consented to an interview during which time she answered many questions on problems confronting our world today.

Reporters' comments: a truly great woman and a once-in-a-lifetime experience.

Curriculum

Cars and Books - Bound for Adventure

Take off the handbrake!

Driver training is a special course in our curriculum, designed to produce safer, more capable drivers on our crowded highways. The beginning drivers received the type of training that eliminated worry and nervousness behind the wheel. Our intrepid instructor trained us to cope with all types of driving and mechanical problems and gave us confidence to become skillful drivers.

Daily, the first morning bell brought a large group of students to the library for various purposes — to check the newspaper headlines, to get information for homework assignments, or to find a favorite book. Miss Fluck and her crew of efficient assistants kept our well-equipped library in smooth working order.

A study in serenity.

Tongue twisting techniques

Languages are the cornerstones of our knowledge of civilizations of other nations. Learning to speak and read other languages is the gateway to universal understanding. There are four languages — English, Latin, German, and French — taught at NAJHS.

Everyone had studied English since the beginning of his scholastic career. A solid comprehension of this, our native tongue, opens the door to many unfamiliar subjects and enables us to speak intelligently with our fellow man.

Latin, which can be called the basis of all languages was the next step. "Puellae et pueri" studied the life and history of one of the world's foremost leaders, Julius Caesar, and compared our life with that of a Roman teenager.

The German class studied the backgrounds of many of our own families and found their customs, folklore, and gay carols, familiar and fascinating.

Parlez vous francais? Learning to converse with a true Parisian accent and to understand the language were two main goals of our French course.

By better knowing and comprehending the people of the world through their languages, perhaps we can make the world a friendlier and safer place in which to live.

Anyone want a ticket to the Globe Theater?

Caesar's recruits in Latin class.

Joyeux Noel a tout le monde.

Mr. Wizard's Proteges

To one chemist's test tube add one jovial professor, 35 would-be scientists, a conglomeration of apparatus, unidentifiable odors and fumes, and early morning hours used for memorizing valence sheets — the result — one senior chemistry class.

Young catalytic agents speed up their reactions.

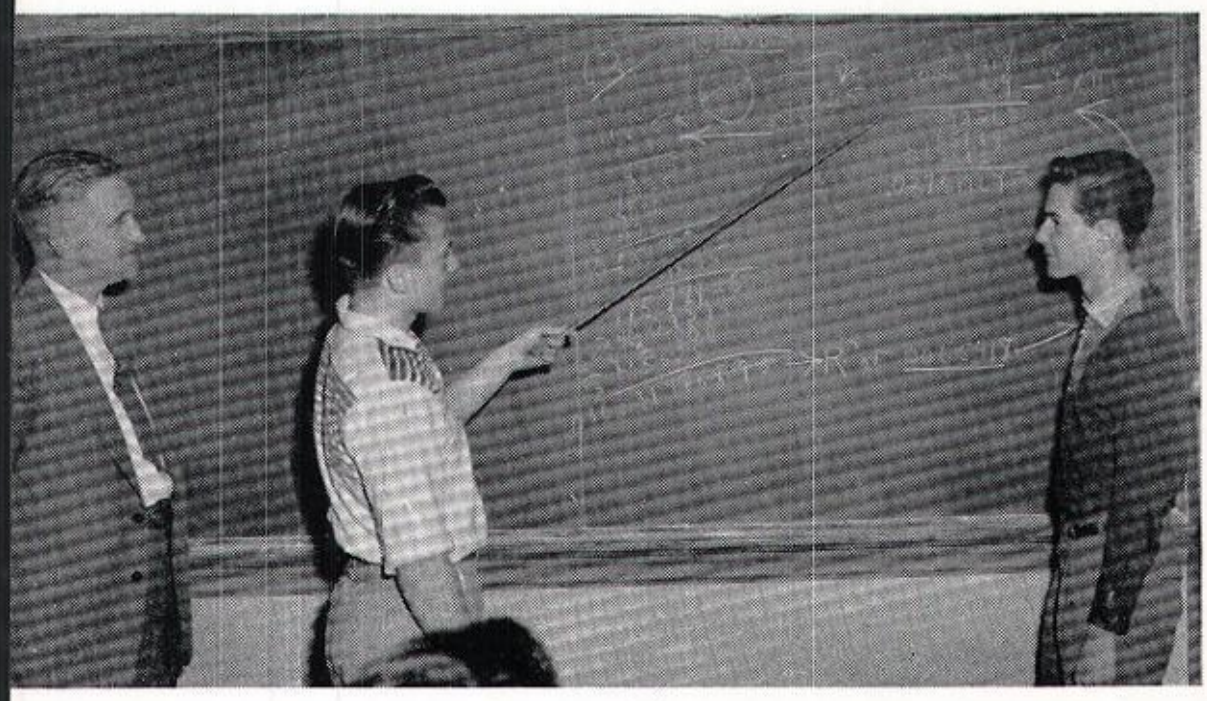
Will wonders never cease?

Density . . . specific gravity . . . atomic weight . . . This scientific jargon transformed the neophytes to novice scientists. Observing various enlightening experiments and demonstrations, listening carefully to directions, and then attempting experiments, provided them with the mental tools for creating future scientists. The annual Science Fair provided a beneficial opportunity for our Einsteins to exhibit their ability and gain recognition in scientific field.

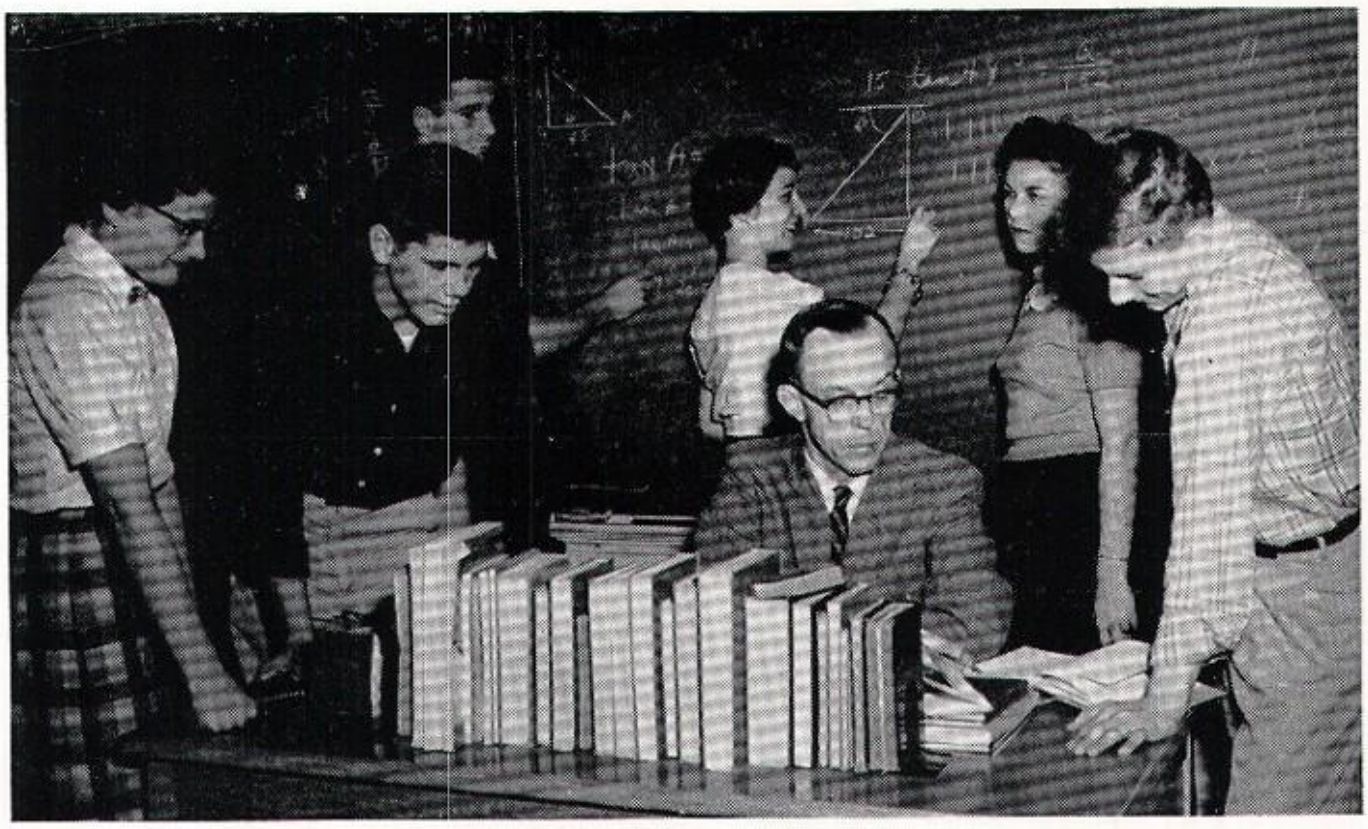
Aquariums, terrariums, and herbariums keep the sophomores in shape as they master the biological cycles of plant and animal life. Mr. Snyder and Mr. Clauser, our flora and fauna connoisseurs, direct the annual wild-flower safaris and instruct these amateur entomologists on the secrets of insect life.

Higher primates investigate lower coelentrates.

Funny numbers



Got it now, Schnitz?



Was it this rough for Einstein, too?

Burning the midnight oil came naturally to our seniors when solid geometry and trig notebooks were due. Students in business math and bookkeeping had their problems too — oh, for the good old days when fractions and algebra were the hardest lessons we had.

As sophomores we tackled equations and entered further into the mysteries of higher mathematics. If this wasn't enough, the die was cast when plane geometry classes gave us our most trying junior memories.

Mathematicians beware when these graduates of the slide rule and compass take their place in the future!

From Social Laments to Current Events

These could cause phobophobia.

South America . . . Mental health . . . Income tax . . . Civil War . . . Each one of these topics as well as scores of others were fully covered as the classes concentrated on the "persons, places, and things" in the news.

The sophomores found themselves surrounded by cavemen, Romans, and many other races attempting to make their mark in world history.

The struggle and rise of America brought many problems to our juniors. They soon learned that even though America was small, it had many immense and intricate problems.

By being parlor psychologists in social living class, the senior students found that the human being within itself was in as much turmoil as in the world around him. Analyzing the social life of some students provided much information for those who had been in doubt about dates, manners, and appearance problems.

In problems of democracy our students became amateur authors as they spent innumerable hours toiling over their notebooks. The problems of democracy students and the local newspaper became inseparable when current events were concerned. Also included in this course were studies of world neighbors, the governments, and filing income tax returns.

And so, by means of social studies we hope to turn the mistakes of the past into the successes of the future.

Mr. Ramsey explains foreign relations to the P. of D. students.

Keys to the Business World

The sum is equal to the total of the parts.

Remember accuracy before speed.

"Time", signifies the end of another speed test and our girls in the pen and pencil set cross their fingers for that coveted 70 W.P.M. certificate. These gals not only took dictation but had to translate shorthand (hieroglyphics to us.)

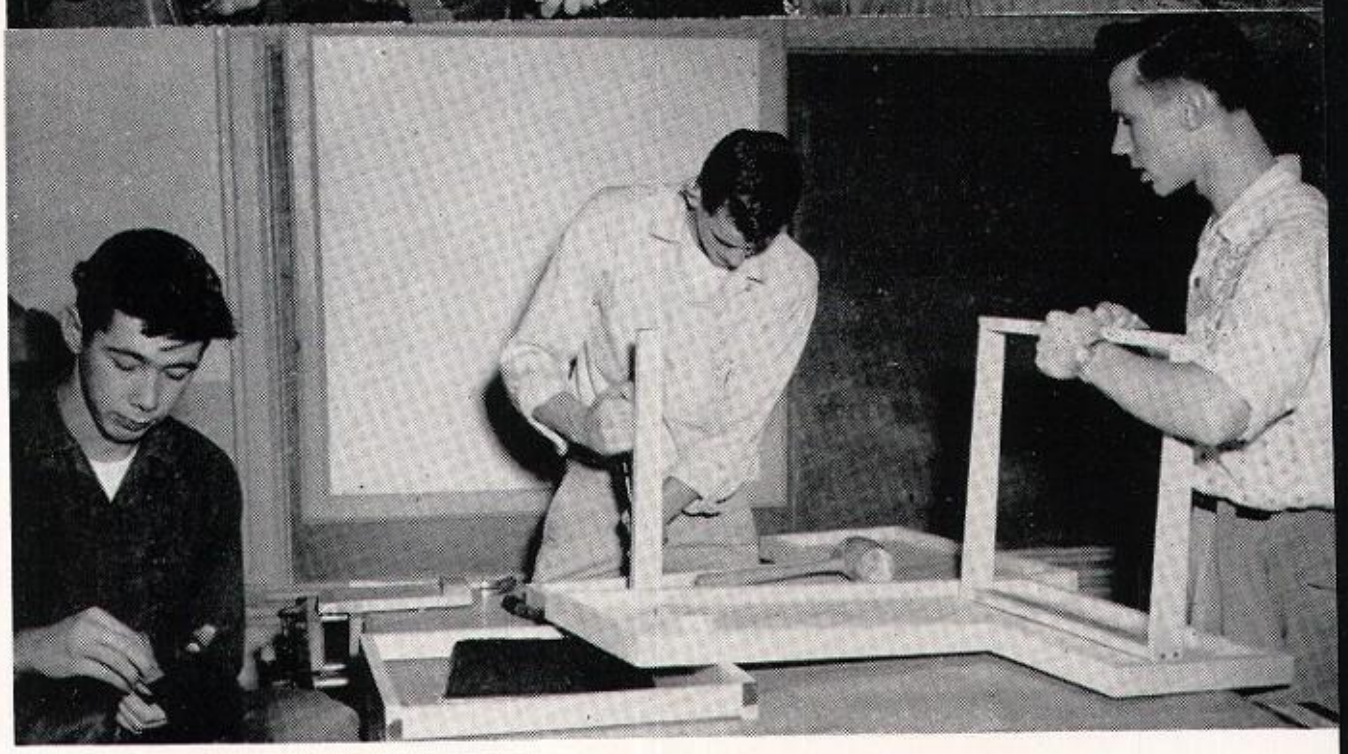
The pride and joy of the faculty, our future secretaries, mastered the ditto machine as they prepared our six week's tests and other school material. Bookkeeping, English, and commercial arithmetic, all in the line of business, rounded out the curriculum for these business-minded students.

Balance that budget.

Mrs. Geiger — our most popular dictator.

Print - Shop

From turning metal on a lathe to making end tables — that is what our future machinists and carpenters did with ease. Our skilled craftsmen learned how to operate saws, lathes, planes, and various drill presses. During the course of the year they demonstrated their skill at drafting and leather craft. The boys made furniture of all kinds and helped in constructing stage scenery. After training in this vocation our craftsmen will be prepared to handle larger construction projects.



Our future printers did everything from sorting type to running the little Giant, the rotary press. Their favorite implements, the job stick, line gauge, and job case, were as familiar to them as our own pens and pencils are to us. The printing staff was called upon to make programs and tickets for practically all social functions in the school.

Domestic Domain

One's sense of smell is stimulated as one walks past the three rooms that comprise our Home Economics Department. Within these rooms, Mrs. Harned and Mrs. de Schweinitz display their talents of sewing and cooking to their many classes. Packing lunches for our football players, baking Christmas cookies, making chocolate Easter eggs, and sewing Easter outfits provided the girls with a practical and educationally rewarding experience.

Sew — this is how to save money on a wardrobe.

Double, double toil and trouble, fire burn and caldron bubble.

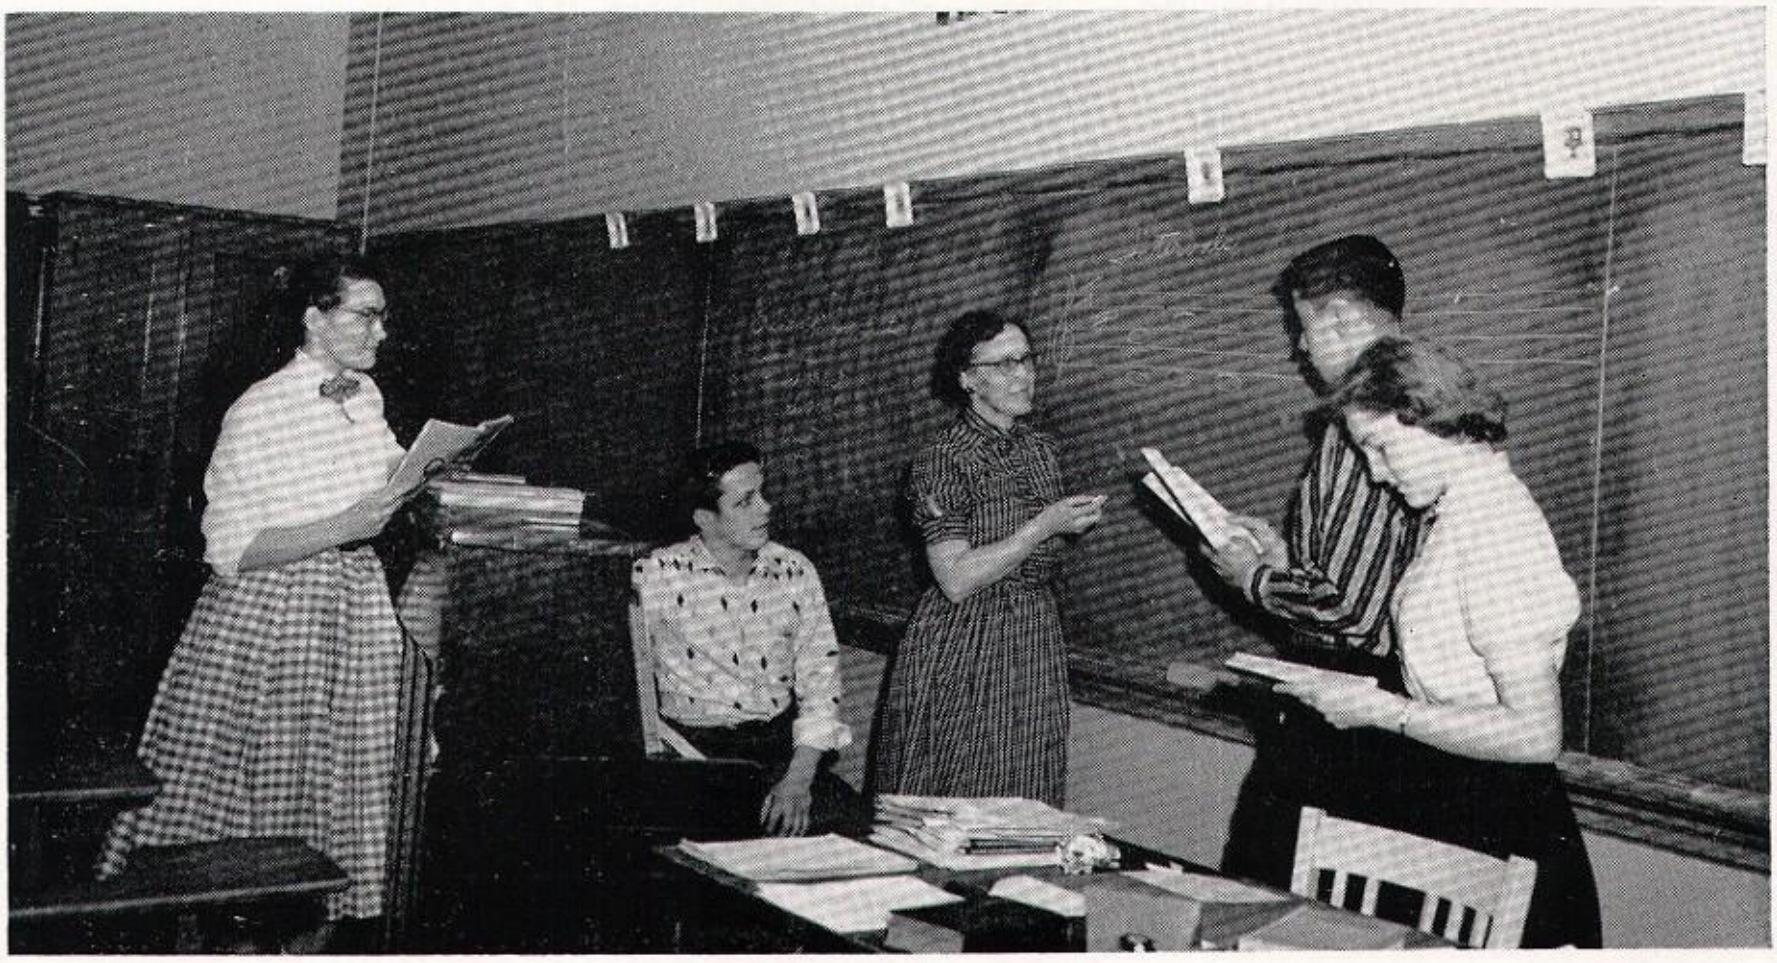
Note Our Music Staff

Our flats are certainly sharp.

Our promising young prodigies are schooled in the latest tootin' techniques during their weekly instrumental classes. Mr. Raymond Becker is their capable teacher. From the flute and piccolo to the tuba, trumpet, and trombone, any music-minded student can find expert advice behind the door of the band room.

The final rounding out of our musical culture is accomplished by our theory classes in junior high school. In addition to studying key signatures and chord formations, Mrs. Thelma Santee gives us instruction in writing our own simple tunes.

Because music is the only language the whole world speaks and understands, it is a vital part of our curriculum.

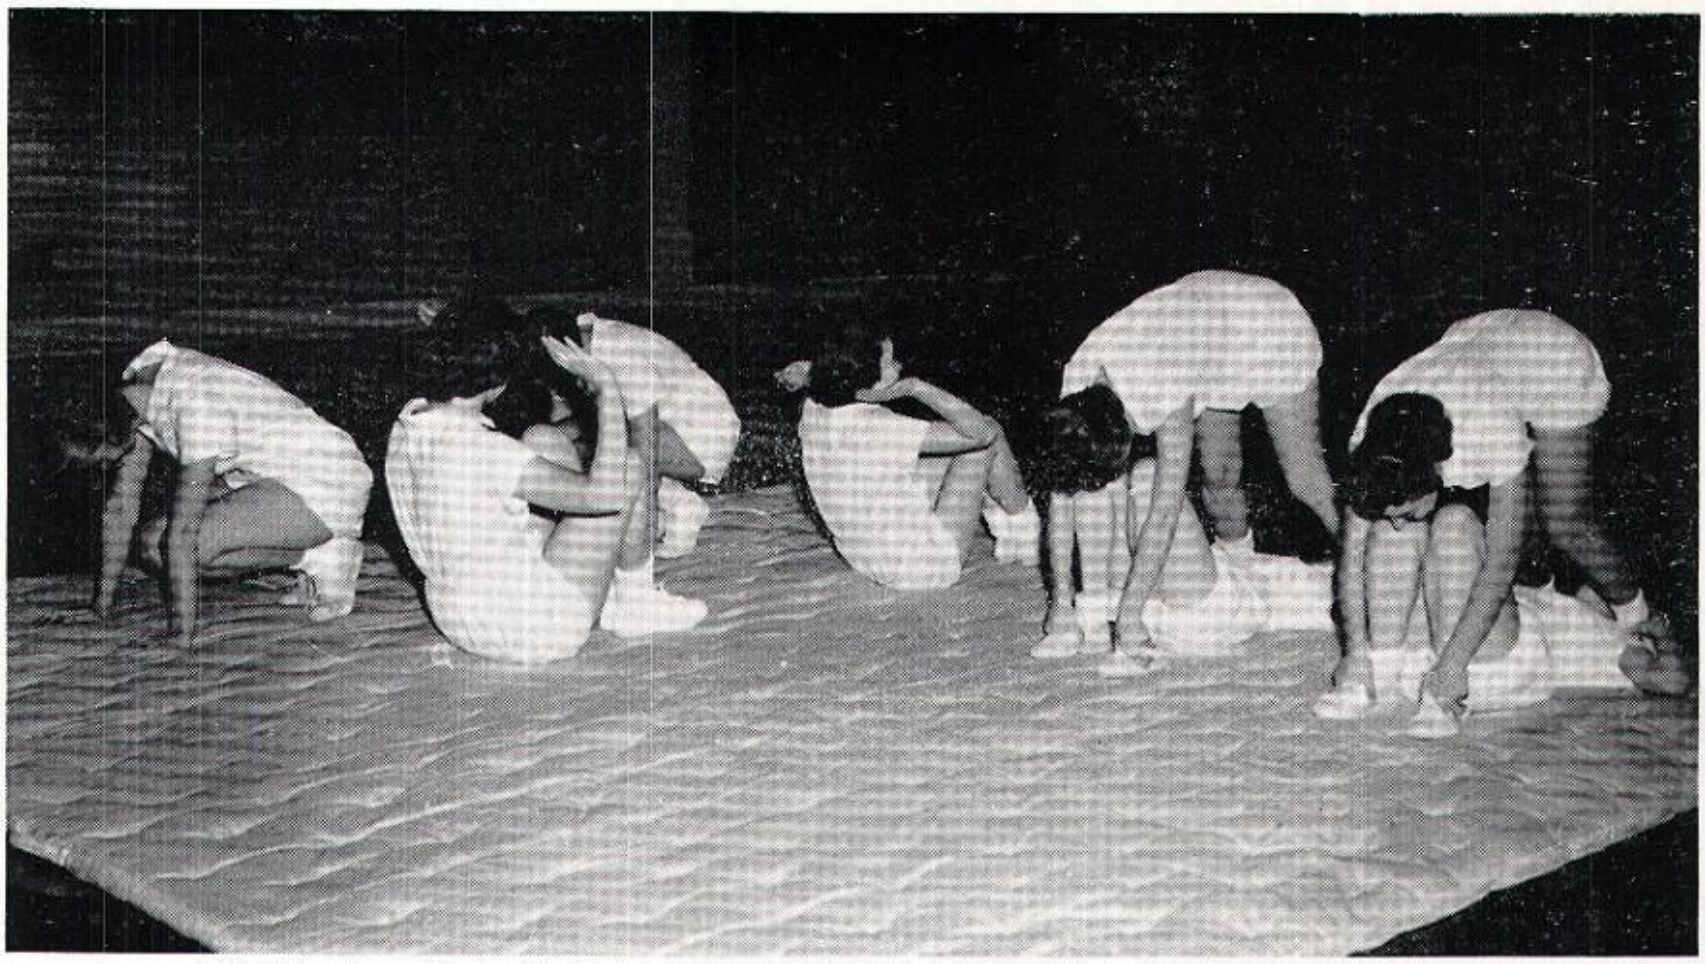


Mrs. Santee explains the science of music.

A welcome change from classes

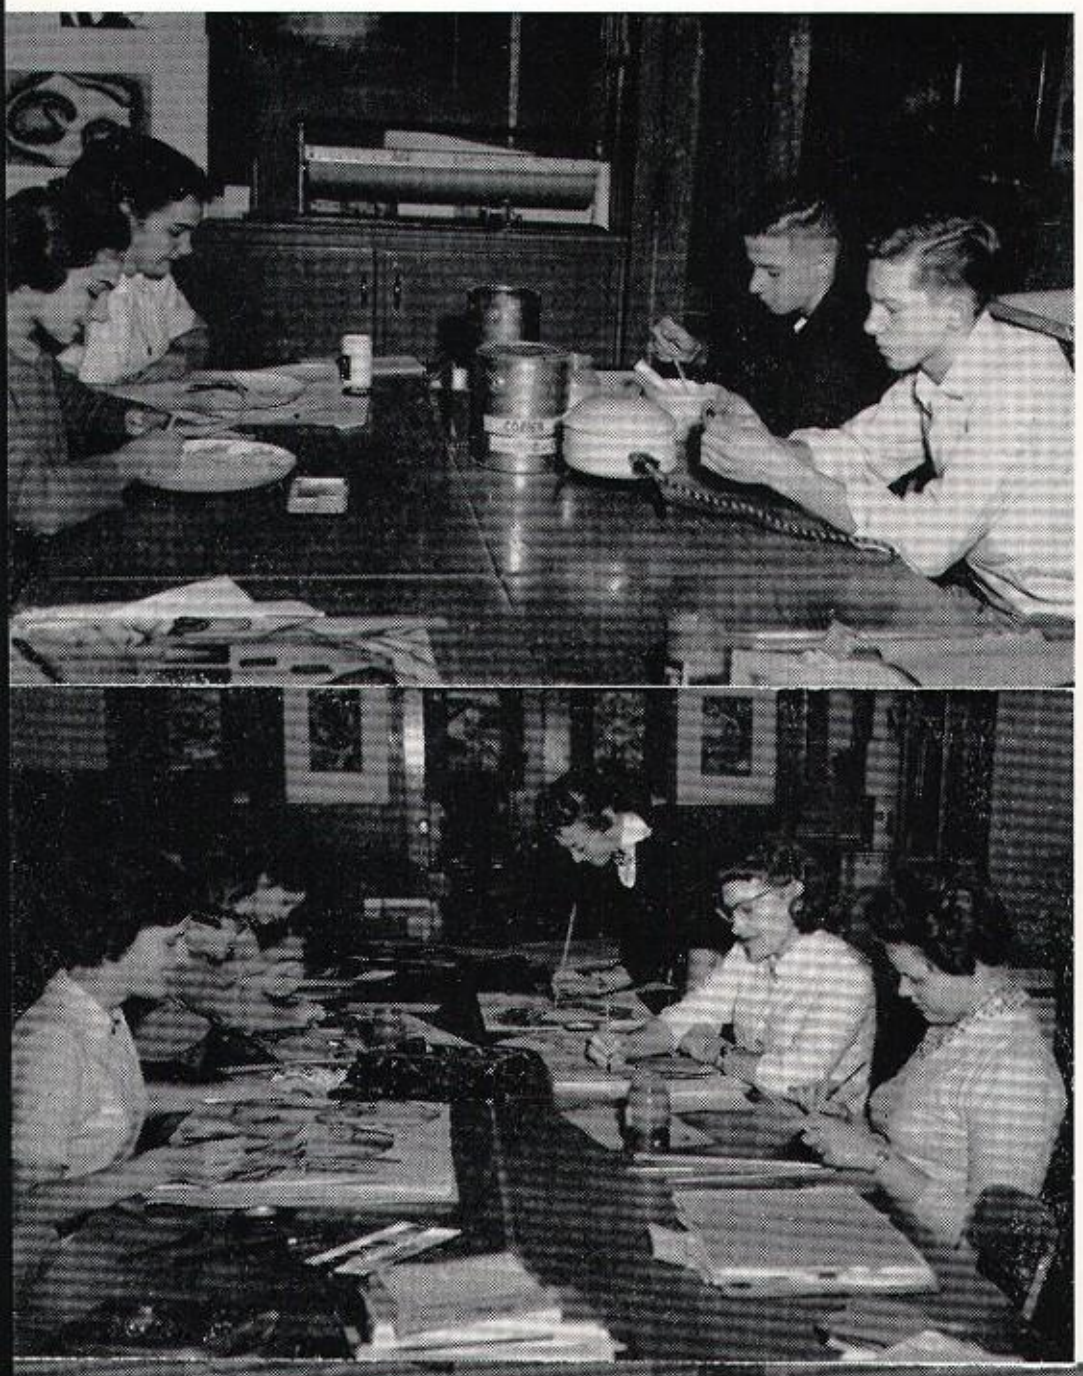
In keeping with the old adage "a sound mind in a sound body" the school has created a comprehensive physcial education program. This gym program provides an outlet for emotions and energy and makes teamwork and cooperation a reality. Under the supervision of Mrs. Helen Wanisko the girls enjoy a diversified program which includes basketball, baseball, soccer, field hockey, and dancing. The boys participate in gymnastics, football, baseball, basketball, boxing and cannonball, under the guidance of Mr. Al Erdosy. In order to better inform the public of the purpose and goals of this program the Physical Education Department sponsors an annual gym exhibition.

We all have our ups and downs.



These girls are head over heels about gym class.

An application and appreciation of aesthetics



Try a dab of red here . . . Darken the sky in this section . . . Correct the perspective . . . These were all very familiar remarks expressed by our instructor, Mr. Melvin Kleppinger, as he attempted to bring out the creative potentialities in our school's talent Rembrandts. Our very complete art course offered a media for every person's taste and provided foundations for profitable hobbies.

Our art room became the crux of all activity when the call for scenery and decorations was extended by directors in Christmas Vespers, Senior Class Plays, and Spring Concerts.

The climax of the year was realized in early May in the form of an Art Exhibit. The students beamed with pride as they ushered their appreciative parents among their finished products. This occasion was highlighted by several students displaying their accomplishments and techniques in the different media.

Our art curriculum provides experiences in many media.

Junior Red Cross boxes, the sale of our school pennants, and the wonderful Christmas Ball were all planned and arranged by these hustling school leaders.

In the lower house floor leader Mr. William Laubach took charge of the Junior High School representatives. The fall and spring dances were the social events on top of their calendar.

Character - Service - Leadership - Scholarship

Look what Santa brought Miss Laubach at the Honor Society Christmas party.

These students, leaders of their class who excelled in scholarship, character, leadership, and service, comprised the National Honor Society. Under the direction of Miss Marion Laubach they strived to promote standards of good citizenship and good scholarship. At their monthly meetings these students planned activities that would benefit the entire school. In order to carry out deeds of service, the members conducted a tutoring system that provided the student body with help in various subjects. The society sponsored the "Valentine Rendezvous," a dance which was held in February. Their last get-together of the year was the annual picnic where everyone reviewed the year's happenings and acquainted the new members from the junior class with the purposes and standards they would have to uphold.

"Attention Courier staff", says the voice over the intercom, "Faculty advisor Harry B. Wall announces that all assignments are due today." Once again the wheels are set into motion as staff members make that final effort to meet the deadline. Reporters busily weave together tidbits of information, putting the finishing touches on their ever popular "Gleanings" column. Sports writers scan their back page spread, adding sprinkling of athletic jargon to round off reports on the varied events. The paper's four editors re-write portions of column material, keeping in mind the many helpful pointers they gleaned while attending the Temple Press Tournament, an annual journalistic highlight. Assignments in, checked, printed, and another edition of the **Concrete Courier** reaches all homerooms.

The AMPTENNIAN Staff

The talents of nearly a hundred busy people were employed in unfolding the annual tale of a typical high school year.

While the editors wrote, rewrote, and perfected their copy, the business staff pursued its clients for the necessary financial supports.

The vital job of arranging the material throughout the book belonged to the layout staff.

Efficient secretaries typed the approved drafts, while the artists added their special touch to the pages. Our photographers captured and developed the year's story in pictures.

It was maddening, sometimes exciting, but always satisfying — the production of the 1957 **Amptennian.**

Selected from the larger chorus were twenty seven of our top songsters to form the Girls' Ensemble. These girls, identified by their blue shirtwaist dresses, worked hard at perfecting tone quality and developing a fine singing personality. Our singers were proud of their Forensics ratings and were in much demand by civic organizations throughout the Lehigh Valley.

Perhaps one of the most popular musical organizations in the school, the chorus, under the direction of Mrs. Thelma Santee and Mr. Raymond Becker, boasted a membership of nearly one-hundred and fifty voices. The chorus performed outstandingly in the Christmas Vespers and in the Spring Music Concert.

In addition to these two programs the chorus attended the annual choral clinic at Lafayette, where the group performed under the leadership of John Raymond. Selected chorus members later attended district and state choruses. The program calendar was completed when the combined choruses of Northampton and Catasauqua participated in a final choral clinic.

Headed by its only senior member, Joy Fox, they exuberantly represented us throughout the basketball and football seasons by their spirit, rhythm, and pep.

Activities

September

Summer was over; school was in session. Some students were glad, some sad. Walking through our school, we saw new faces — teachers' as well as students'. Someone always managed to get lost those first few days. The teachers checked and rechecked the list of names given to them to see that everyone was in class. All proceeded well through a month of readjustment. It will not be many Septembers from now before all members of senior high school will walk up new steps to enter their class room.

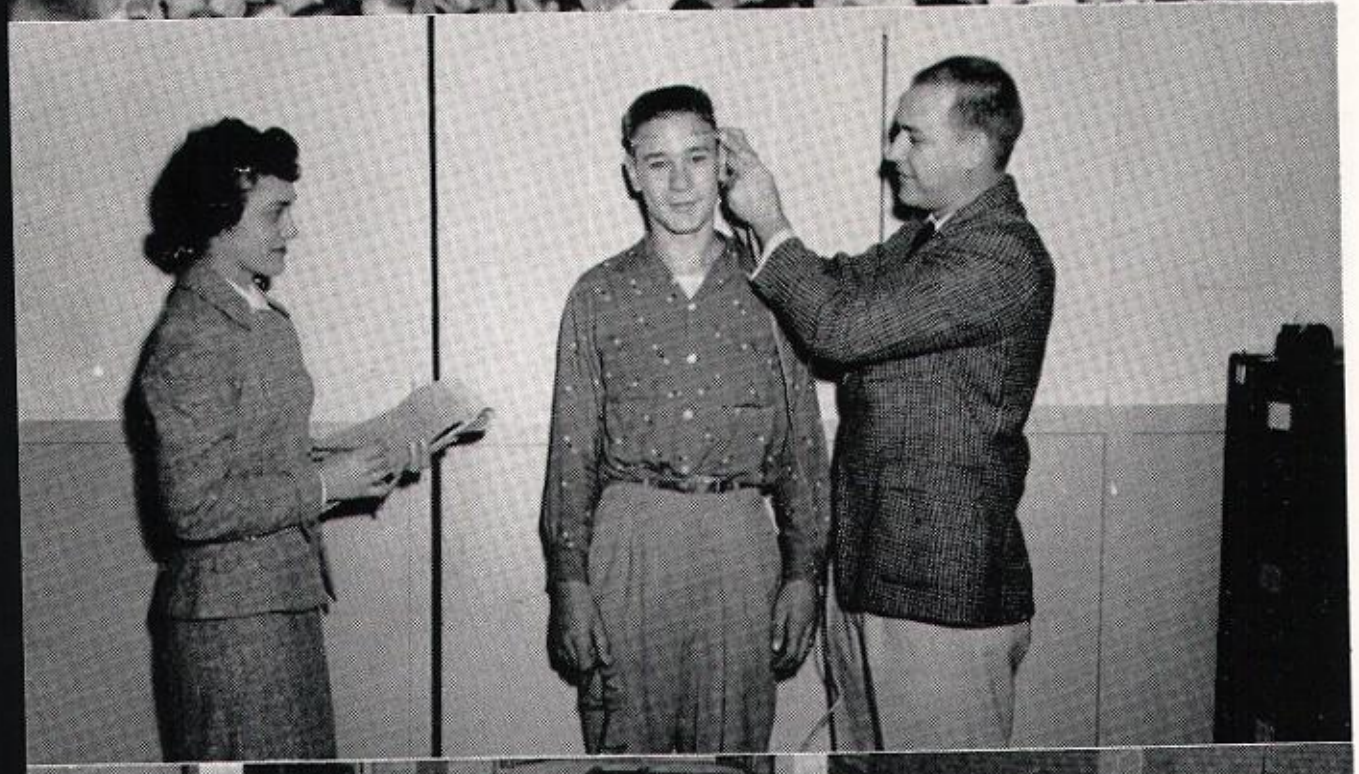
October

The old adage of a "time and a place for everything" is especially true of school where schedules arrange for all activities to the minute. Seasons are likewise catalogued. Football during the month of October was very much in full swing. However, whether it was football or any other sport, the faithful followers of Northampton Area Joint High School sportsmen were on hand to cheer them on to victory.

During the middle of the month the teachers congregated in the school for their annual workshop. Discussing the various phases of school activities were leading professors from surrounding colleges and universities. They discussed proper techniques to be used in teaching fields. These workshops were dedicated to the purpose of improving the school's curriculum and producing wholesome harmony between teachers and students.

An event which took place every six weeks and which was anticipated by all, was the issuing of report cards. The month of October was no exception. The results were not always pleasing, but it was something to look forward to.

November



November was the month of Thanksgiving and the annual Turkey Day game with our most ardent rival, Catty. As usual the student body staged a pep rally the day before the big game to boost school spirit and to hang the Catty dummy in effigy.

Also during this month the seniors were fitted for their commencement gowns. These gowns brought thoughts to the seniors' minds of the day in June when they would graduate from high school.

November was also the month of dance classes which were held in the gymnasium under the supervision of Mr. A. Laubach and Mr. Laub. In these classes the students learned everything from the most modern to the oldest dances known. It was a good way of spending a spare study hall.

December

As the approaching Christmas spirit descended upon us, the decor of the school reflected the holiday fashions. Even Mr. Papp's chem lab had its festive touch with his scientifically decorated Christmas trees. The icebox month found most of the students preparing for Christmas Vespers with all of its usual confusion. After a very successful program the student body was again excited over the coming Christmas prom. All during the week preceding the holidays the homerooms celebrated their various Christmas parties in a jovial mood. The German class had the authentic German foods and customs. After a week of festivities the students received the words of the alumni now attending various colleges and universities. The National Honor Society had their annual party. The sad part of the final days of December was the announcement of Mrs. Smith's retirement.

January

January dawned brisk and cold, but this provided no barriers to our school's population. This type of weather was ideal for those students who had received ice skates for Christmas. Everyone was delighted when the borough permitted ice skating on the frozen community pool.

Ice skating provided the much needed relaxation for our senior salesmen who stopped at the pool after they canvassed the area selling class play tickets. All the seniors responded well to the call to sell tickets and the play was enacted before a capacity audience.

We also learned that the student's minds were as sharp as the blades on their skates as they matched wits to determine the homeroom spelling champions. A contest of the champs was then held and the grade finalists were selected. These finalists represented us in the final of the contest sponsored by the **Call Chronicle** Newspaper.

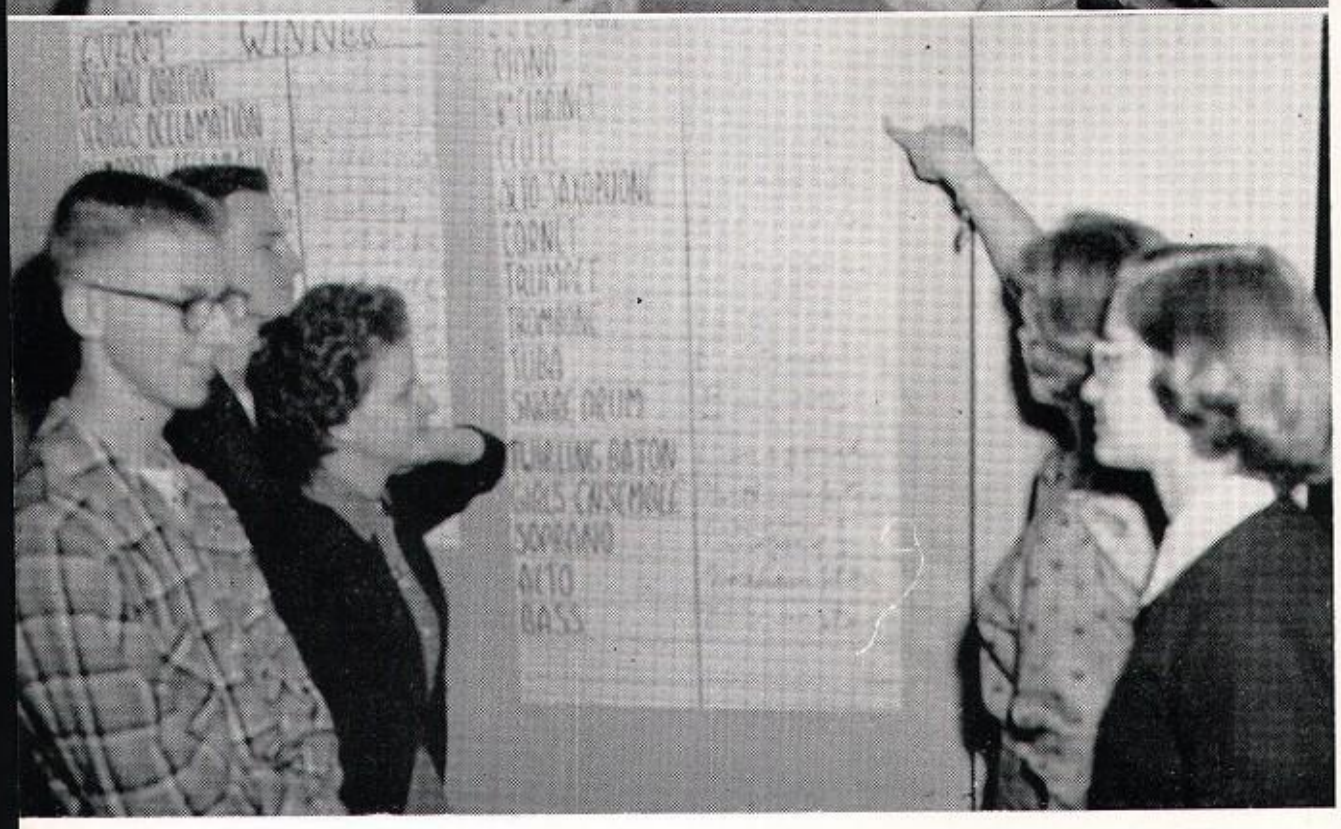
February

February provided a welcome bright spot during the waning winter season with its valentine promise of hearts and flowers. February 16 found the student body floating along on a romantic cloud as everyone had a wonderful time at the "Valentine Rendezvous" dance.

Our thoughts turned to more serious matters when collections for the Red Cross began, and shiny red and white "I gave" buttons were visible everywhere.

The girls had their day, too, as rivalry ran high during the girls' basketball competition for top intermural honors.

March



School "Marched" into the season of spring. Gusty March winds blew merry tunes through the air when mixed choruses of Northampton High School and Catasauqua High School met at Catasauqua to sing under the direction of John Raymond from Lafayette College. The choral clinic was a success in creating good will between the schools as well as being a wonderful creative experience.

Before the start of the Lenten season, the girls of section 124 fulfilled the tradition of Fastnacht Day by taking time out to eat a few delicious doughnuts. They also sponsored a "Business Week" during which they practiced the habits of good secretaries both in dress and in office assignments. They climaxed their activities by taking a trip to New York City.

The month ended with the annual Pennsylvania Forensic and Music League District Contest. Again Northampton was host to the schools participating in the contests. Mingling with students from different schools and discussing the contests provided us with an opportunity for making many new friends.

April

April, with its Easter festivities, produced many surprises for our classmates. As everyone prepared for the Easter holidays, some of our contemporaries seemed taken aback by the beauty, artistic ability, and the patience that is needed to produce an exquisite Ukrainian Easter egg. Preceding and following the holiday season, our musically inclined students conscientiously rehearsed for the annual Senior High School Musical that was presented on April 24. The production featured selections from the Senior Band, the Girls' Chorus, Mixed Chorus, Girls' Ensemble and Mixed Ensemble with four senior soloists highlighting excerpts from the selected theme, "Carousel."

May

For the graduating class of 1957, May was the busiest and most expensive month of our last school year. One of the highlights of the senior agenda was the annual class trip to Washington, D.C. Tapping the savings account for the necessary six dollars was painful, but extremely worthwhile.

As the long-awaited day approached, we eagerly tried on our caps and gowns. The girls looked lovely in white; the boys looked distinguished in gray. These last weeks were spent in sending announcements and perfecting the commencement pageant, "Blueprint of Progress." Before we knew it we marched to our seats and listened to the Baccalaureate Service, had one last fling at the dinner dance, and finally received our diplomas, June 5, 1957.

A Night of Enlightenment

The classrooms of NAJHS wore a special glow the night of November 6 as its doors swung wide open to admit the many interested parents. This was the date of the annual Open House visitation.

Better Business through Better Education

The Chamber of Commerce shows the teachers how their meetings are run.

One day out of every school year is set aside for the business-man-teacher conference, B-E Day. This is the day the teachers ask the questions, not answer them. A Day of reverence

A big event eagerly awaited by students of NAJHS was the annual Christmas Vesper program that was held in the school auditorium December ninth and tenth. Christmas Vespers has become a favorite tradition in our school.

In this year's program the miracle of Christmas unfolded as over two hundred participants told the

story of the birth of the Christ Child.

The music was under the direction of Mrs. Thelma Santee. Miss Black and Mrs. Obrecht coached and directed the speakers and the tableaux. Mr. Kleppinger and Mr. Alec Erdosy supervised the stage setting. Mr. Reiff was in charge of the lighting crew.

I wonder if Jenny will mind sleeping on this sofa.

Calm down Jenny, it's only Mr. Cutter and his baby bottle.

You didn't have to hit him that hard, did you?

Another year — same problem! Where in the world could the senior class find a class play to please everyone — a play that had a generous share of comedy, a sprinkling of romance, and a mysterious twist for the Sherlock Holmes' fans, too.

Sound like a big order? Well, it was, but this year's production, **Come Out of the Closet,** by Roland Coyle solved the problem.

Everything started, innocently enough, when three secretaries from Ohio — namely Hilda Hawkins, Irene Gleason, and Jenny Potts — moved to New York and rented an apartment from Mrs. Malone, a friendly (?) landlady.

The three girls are joined by George Hanson, Irene's fiance, and Hercules Jones, a muscle-bound taxi driver. Together they meet Mr. Cutter, a "galloping" young father, Miss Phillips and Mr. Rosewater — two "respectable" counterfeiters, and Sweeney, a very, very nearsighted policeman.

What did all this confusion add up to? Two evenings of fun and entertainment for all.

On Thursday evening, February 21, the NAJHS auditorium was filled with the sound of whispers and soft music. The stage was set for the 31st annual Junior Speaking Contest. As the curtain rose, a hush fell over the audience.

Earl Heisler stepped to the front of the stage and gave a powerful talk on future decisions entitled "Americans at the Crossroads". Sylvia Shoemaker followed with a breath-taking tale of "The Black Cat". Next, Phillip Ridgely delivered his second prize winning rib-tickler, "The Big Game". Also a second prize winner, Judy Chernansky changed the pace a bit with "The Children of God", a touching glimpse into the lives of two young people. "Extracts from Adam's Diary" proved to be a ticket to first place for Charles Kuntzleman, with its unique humor and audience appeal. Susan English as the well-informed young lady of "Jane Entertains the Minister" brought the house down and walked off with first place honors. John Spantiz's ingenious suggestions concerning the art of snoozing unnoticed, drew gales of laughter. John's selection — "The Great American Sport". "Beethoven's Moonlight Sonata", a moving insight into the personality of the famous composer, was rendered by Cynthia Lisetski as the closing selection of the program.

Several musical and vocal groups added their talents to the program, and the final selection of winners by judges Clayton Watring of Cedar Crest College, Professor Thoburn Baker of Lehigh University, and Ronald McAdam of Whitehall High School finished the very enjoyable evening of entertainment.

As the future

Reverend Daniel Newhart, an alumnus of N.H.S. with the class of 1938, was the speaker on June 3, when the graduating class of 1956 assembled in the Northampton High School auditorium to attend their commencement Vesper Services.

The following evening the graduating seniors attended their dinner dance at the Northampton Community Center.

Wednesday night, June 6, the seniors ended their activities with the presentation of the 55th annual Commencement Pageant, "As the Future Unfolds." Directed by Miss Marion Laubach, the entire graduating class participated in the event.

unfolds

According to tradition the pageant was written by the seniors themselves. A crystal-ball gazer revealed the class members as they might appear in 1976.

The seniors then assembled on the stage where Robert Schaffer, president of the school board, presented them with their diplomas. And so closes another chapter in the history of Northampton High School. One hundred and fifty-two new alumni of N.H.S. began to unfold their futures.

PHILLIPSBURG

Northampton's short punt formation, maneuvered by a shifty backfield, helped the Konkrete Kids bypass the P-burg squad by a 27-7 scorein the kickoff game of the 1956 season. The pigskin saw plenty of action with Bob Reimer scoring after a 90-yard march, followed in quick succession by TD's of Shimer and Hoffman. Playing to a crowd of 8,000, Northampton's line executed precision blocking to lead the elusive backs toward the goal. The Stateliner's single tally came on a long drive in the third quarter, but their hopes were completely squelched by the touchdowns of both Reimer and Kucharzuk in the final period.

EMMAUS

The NAJHS gridders charged into league competition with an eye-opening exhibition of ballhandling as the Green Hornets fell victims to an easy win. The senior backs steam-rolled over an enthusiastic Emmaus line for 409 yards, enough for six touchdowns. After nine plays Reimer scored the first TD; Shimer scored 7 plays later. Emmaus's seven-pointer came when Ron Brey returned the kickoff with a sparkling 85-yard run. Hoffman and Kucharzuk set the halftime mark at 27-7, but the hard-driving Northampton linemen plowed through the Emmaus forward wall, enabling the backs to score again. The final minutes found the Green Hornets on the Kid's four yard line, but the bucking line brought the game to an end. Final score: 40-7.

WHITEHALL

Seven touchdowns and two intercepted passes by Hoffman and Shimer brought gloom to numerous Whitehall fans. The Maroon and Gold played a faulty game, but came across with two touchdowns in the fading minutes of the contest on a pass play and a fumble. "Whiskey" Reimer's PAT brought his total to a record 51 points. The 14th straight win for NAJHS was decided by a 45-13 score.

Preparation

SLATINGTON

The "Konkrete Kids" pent-up scoring punch burst its bounds for 10 TD's and 8 PAT'S as the "Slatington Slaters" underwent a drubbing at Slatington's Victory Park. Eight Northampton players helped to raise the tally. Shimer led the parade with three TD's, which included a 70-yard run. Scoring in every period, the "Kids", led by an outstanding forward wall, held the "Slaters" to two first downs and only 52 yards gained. Reimer's well-placed point-after-touchdowns split the uprights eight times to bring our game to a 68-0 ending.

Tension Mounts.

PALMERTON

The orange and black powerhouse proved itself in top form by clipping the wings of the Palmerton Blue Bombers on the Wolf Field. Charles Shimer and Bob Reimer paced the Northampton attack with six touchdowns between them — four by Shimer and two by Reimer. Scoring in every period, Coach Erdosy's boys rolled up a 26-0 score by halftime, from Bob Reimer's 85-yard kickoff return to Hoffman's pass to Marv Wright. In the last quarter, the game was a "typical" Konkrete Kid exhibition ending in a 58-0 score.

M. Wright, L. Breitfeller, C. Bodnar, C. Moyer, T. Kneller, J. Graberits.

LEHIGHTON

The rambunctious Konkrete Kids completely overwhelmed the Lehighton Indians on their home field with a crushing ground attack that netted 442 yards. To start the chain reaction of touchdowns, Shimer bolted across the goal line on the first play of the game, followed by Hoffman, Reimer, and again Shimer to bring the half-time score to 40-0. Kneller's power drives set up Northampton's last TD, scored on a plunge by Kuharczuk. Lehighton's futile aerial attempts brought their lone score in the last quarter when Indian back, Hofford, tossed to Ernie Christman in the end zone. Northampton's sixth straight victory ended with a 47-6 score.

Performance

BANGOR

Another game, another record, and another win for the unbeatable Konkrete Kids as Bangor High underwent a 65-0 setback at the Slater's Memorial Park. A new scoring mark of 261 was reached by half back, Bob Reimer, after completing three touchdowns. The outclassed Bangor eleven could not halt the march of the pigskin in the hands of the Northampton backfield whose scoring efforts paid off in five first-half TD's. With precision form the linemen opened the path and the Northampton goal resembled Grand Central Station. Three more scores, two in the third and one in the final period, ended the rout for the Cement-Boro lads.

STROUDSBURG

Northampton High boosted its perfect record by branding Stroudsburg with a 39-6 defeat. With three touchdowns Shimer set a new school record of 18 goal line excursions. The Kids marched 55 yards the first time they had the ball, and Shimer plunged from the five for the first TD. Seventy five yards later Hoffman went over followed by Reimer on a 50-yard run. The Poconos' only moment of glory came on an 85-yard kickoff return by Everitt. The second half brought drives, interceptions, and more black and orange touchdowns as Kuharczuk and Shimer settled the score with the two final TD's.

CATASAUQUA

Snow, psychology, and the force of the Catty Rough Riders was not enough to stop the might of the Konkrete Kids as Northampton clinched its second consecutive unbeaten season by a 31-6 score. A blocked punt, converted into paydirt by Shimer, gave NAJHS an early lead. Shimer sorced again in the second period with a four-yard run, but Catasauqua kept in scoring distance with a TD on a pass play from Steckel to Hilt. Hoffman and Kucharzuk sparked the second half drives which sent Reimer and Hoffman over the goal line for TD's. In the last period the Black and Orange line opened the way for Marth to cross the end zone and close the 1956 Turkey Day game and football season in Northampton. In a post-game period Coach Erdosy received a new car as a well-earned gift from appreciative fans.

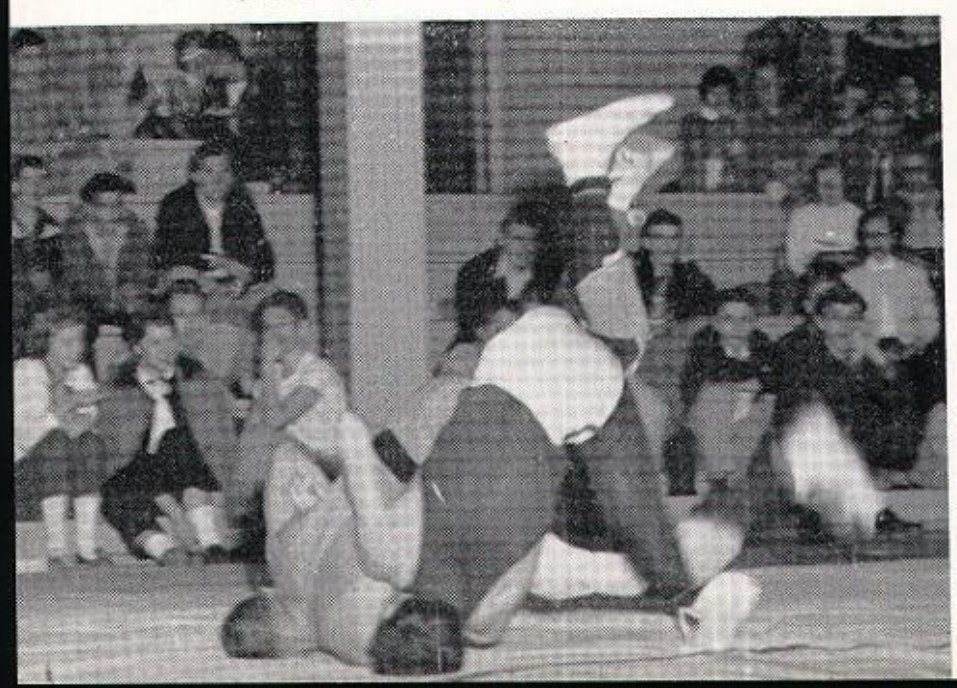
Spanits applies a key lock to Bethlehem man.



A prospective season greeted our NAJHS "bone-benders" and a look into the crystal ball would have showed our matmen ending league play in second place with a record of nine wins and three losses. The loss of ten varsity wrestlers failed to slow down mentor Harry Wall's young cohorts. Early season records showed that the starting "11" was a potent fighting machine.

Veteran-laden P-burg pinned its hopes in the league-opening match but the Kids took home a 28-16 victory. Southern Lehigh's "green" team followed in like manner by undergoing a 49-0 whitewash.

Next came the Allentown Canaries who, after a tense night on the canvas, won by a 28-25 nod. Joe Recker stretched his number of league pins to 17, while Sutter, Breitfeller and Heffelfinger remained unbeaten. Traveling to Bethlehem, the matmen rebounded into the winning column with a 23-18 victory.

The Easton "Red Rovers" could not halt the improving NAJHS grapplers and lost by a score of

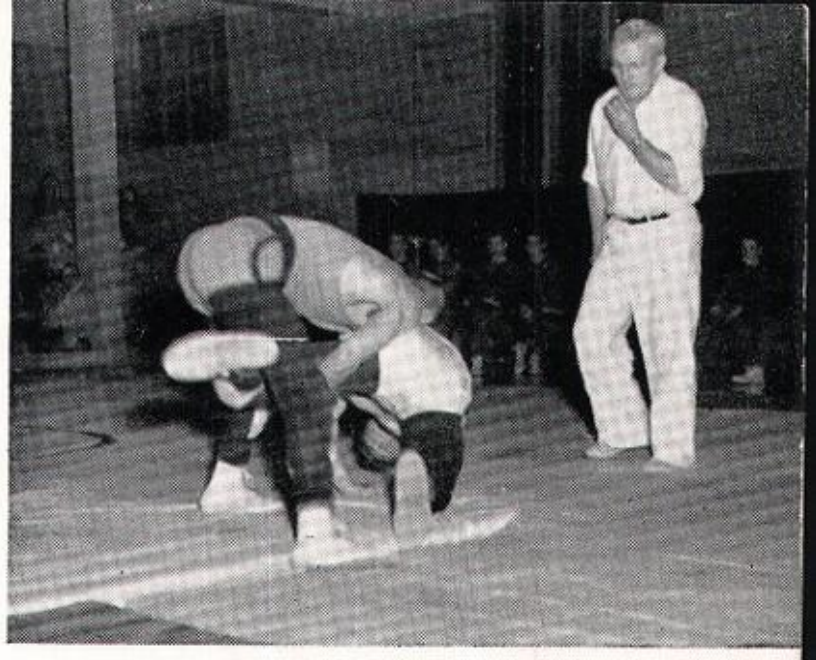
27-21. The black and orange squad, led by co-captains Breitfeller and Santo, made the record five for six by shading Nazareth 41-10.

For their second meeting of the year, the P'burg "11" was decisioned into submission and lost by a 38-16 score. Records fell, and the Konkrete Kids had a field day by beating Southern Lehigh 60-0.

The lineups looked good and an upset was in the making, but Allentown rallied in the heavyweight divisions and stormed back to take a 23-17 victory. Joe Recker stretched his pinning streak to 24; Heffelfinger and Breitfeller remained unbeaten. Next visiting Bethlehem surprised the Kids and overcame black and orange resistance before damage could be done. NAJHS won only three bouts and lost the match 26-9.

Easton and Nazareth were again beaten in later bouts. The big event of the year was the District XI meets. While NAJHS came fourth in team placement, it did enter three boys in first place positions, Len Breitfeller, Heffelfinger, and Schaffer. Heffelfinger was later defeated in the State semi-finals.



Sutter believes in rock 'n roll.

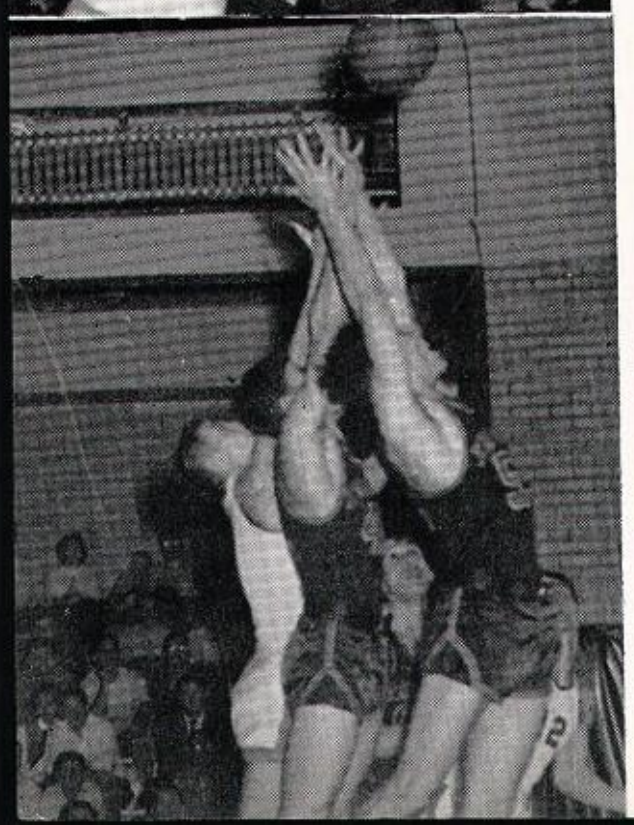
Reach, boys, reach! — Hoffman makes a try.



All hands — Kelner and Ludwig get that ball.

Following early season predictions, our varsity basketeers came through to provide another season of chills and thrills for our basketball fans. Coach Pete Schneider had his hands full with the loss of four seniors but Shimer, Guss, Hoffman, Hucaluk, Suto, and Miksits aptly filled their sneakers.

Starting the season in an exhibition game against Parkland, the Konkrete Kids lost to the Trojans by a score of 74 to 53, but made the scoreboard even with a 76 to 58 win over the Coplay Wildcats.

With Walt Hucaluk setting the early season pace, our team travelled to Phillipsburg and won a hard fought duel by a score of 60 to 47. In another out-of-town exhibition we lost to Fountain Hill 43-56.

Behind the brilliant rebounding of Hoffman and Guss the NAJHS quintet bounced the Lehighton Indians from the ranks of the unbeaten by a 54-32 league-opening victory. The visiting Stroudsburg Mountainmen were subdued in similar fashion by a 65-50 mark.

On the road again the black and orange lost to a surprisingly good Emmaus team, 46-37, but regained their touch by toppling the Whitehall Zephyrs with a 65-53 score. Walt Hucaluk, Herb

A two-way stretch.

Guss and Charlie Shimer led the scoring with 18, 16, and 15 points. Controlling the backboards, Hoffman and Guss put the damper on a stubborn Slatington team by a score of 65 to 53.

With high hopes and a good record to back them, the Konkrete hoopsters prepared to meet the undefeated Palmerton Blue Bombers in our jam-packed gym, but Mlkvy's 25 points and the deadly free throws of the bombers sent Northampton into a heartbreaking 45-43 defeat. Next, Shimer and Hucaluk teamed up for an inside-outside offense and shook Catasauqua for 33 points in the 3rd period and gave NAJHS an 83-66 victory. Guss' backboard monopoly provided the necessary clincher which allowed our reserves to finish the game.

Starting the second half with a bang, the Northampton five easily defeated the Lehighton team 67 to 52 on our home court. Taking advantage of short-handed Stroudsburg, the Kids belted the Poconos 70-52 with four of our starters hitting double figures in the scoring column.

Following their winning ways the cagers avenged their early-season loss by stinging the Emmaus hornets 65-41. Hucaluk remained high man with 20 points.

A big letdown was in store for the Kids as the Whitehall team displayed accurate shooting and good ball-handling to defeat us by a 60 to 47 score. Tuning up for the big game, the red-hot hoopsters led by Guss's 20 points and Hoffman's top-notch rebounding, took Slatington over the coals and ended with a 70-63 victory.

The black and orange quintet was one of the last breakers in the path of Palmerton's march for the crown and the boys were determined to stop them, but the Bomber's first-half scoring bursts proved to be their winning margin. An unusual Palmerton defense succeeded in holding our scorers throughout the game, but the Kids pulled up within 10 points in the closing minutes of the game. The final score stood at 81 to 67.

Unable to get back into the groove, the cagers could not overcome the roughriders of Catty. Miksits, Shimer, and Hoffman kept NHS in the close, disputed game with their deadly shooting, but a technical foul ended it by a 77 to 74 score.

At the sound of the dismissal bell, sports-minded students followed the crowd and walked down to Wolf field to witness another fine exhibition of baseball skill and power hitting. With Coach "Mike" Lisetski at the helm, our NAJHS Diamond Dynamos warmed up before taking the field against another capable foe. Pitching was the weakest point in the battery, and Hoffman, Chuss, and Shimonsky did their best to make up for it. Coming to bat were our power-hitting infielders — Kucharzuk, Fehnel, Reimer, and Santo. Backed by outfielders Beidleman, Schwecten, and Tanzos these sluggers batted the opposition for 24 runs in the first two games. Behind Hoffman's homer and Santo's double the Konkrete Kids hammered Parkland 14-1. Catcher Charlie Shimer batted in a run, and Kucharczuk tripled as Mike Chuss won his first game against Catasauqua 10-3.

Spring brings out our baseball players for training.

All that goes up must come down, catcher Shimer recalls.

With a splash of cinders and the shot of a pistol the 1957 season began for our pace-setting tracksters. Defending the league championship didn't prove too hard although outdoor practice sessions were limited because of the usual inclement spring weather. In their first showing, the Black and Orange cindermen jolted Lehighton by a score of 63-32. Rolling up seven first places, the veteran speedsters ran off with all but one of the running events. Charles Kuntzleman was a double winner in the dashes, and Herb Guss posted two places in the field events. Mentor Garrett has rounded out the team with lettermen Hucaluk, Marth, Lutte, Kochenash, Gougher, and Zarayko who have aptly qualified for team positions in shotput, discus, broad jump, and high jump. In the sprinting events our relay team (Gougher, Marth, Chuss, and Kuntzleman) led the league in their prospective fields. Minnick, Kellner, and Chuss filled in for the junior class as the season progressed.
